

Student Allowance application form

Complete this form if you want to apply for a Student Allowance. You can also apply for your Student Allowance online at **studylink.govt.nz**

To get a Student Allowance you'll need to be:

- at least 18 years old (some 16-17 year olds can also get it) and
- under 65 on the start date of your course.

You must also be

- a New Zealand citizen, or
- ordinarily resident in New Zealand and
 - have lived in New Zealand for at least 3 years and
 - have been entitled under the Immigration Act 2009 to reside indefinitely in New Zealand¹ for at least 3 years or
- a refugee, protected person, or their immediate family member, who meets the residency requirements. You can talk to us for more information
 or find it at studylink.govt.nz and search on 'residency or
- entitled to reside indefinitely in New Zealand and have been sponsored into New Zealand by a family member, who at the time was recognised as a refugee or a protected person.

You'll also need to be studying a full-time course (or have our approval to study with limited full-time² status) and at secondary school or on an undergraduate tertiary course or any Bachelor degree with honours approved by the Tertiary Education Commission.

More information about the Student Allowance can be found over the page.

You must give us all the information we need.

If you do not have all the information we need, talk with us and we may be able to help.

If we find out later that any information you give us is not true, or that you knew information you should have told us and did not tell us, we may stop your payments. You might need to pay money back, we may impose a penalty, and you could be prosecuted.

¹ Someone who is entitled to reside in New Zealand indefinitely and holds a residence class visa under the Immigration Act 2009 (holders of resident permits and returning resident's visas (RRVs) granted under the Immigration Act 1987 are deemed to hold a residence class visa under the Immigration Act 2009).

² Usually you have to be studying full-time to get a Student Allowance. But if you're not studying full-time you may qualify for limited full-time status if:

[•] you're completing a recognised programme that you have previously studied (but did not complete) and to do this you need to study less than full-time but more than half of a full-time course or

[•] your education provider supports your application to study less than full-time for one of the following reasons:

⁻ you have an illness that stops you studying full-time or

⁻ it's in your academic best interests to study less than full-time. Academic best interests means; that the student would be likely to fail, for academic reasons, if they undertook a full-time course but would be likely to pass more than half of the course if they studied part-time or

⁻ you can't study full-time where there is sufficient cause outside your control (this could include a disability which stops you studying full-time).

More information about the Student Allowance

You need to apply as soon as possible to allow enough time for your application to be completed. Remember, you can apply for your Student Allowance online at studylink.govt.nz

You can earn up to \$270.101 a week before tax before your Student Allowance payments are affected. If you have a partner, any income that you or your partner earn, may affect your Student Allowance payments.

Your parents' income is tested if you're under 24 years old without children. This includes people who are in a marriage, civil union or de facto relationship. We have a definition for parent for Student Allowance. To see what this is, go to page 21.

- If you only have one parent, they will need to complete a One Parent application form instead of the Parents' application form on page 14. Visit our website **studylink.govt.nz** to download the One Parent application form.
- If, due to exceptional circumstances, neither of your parents support you, you will need to complete an Independent Circumstances Allowance application form as well as this one. Visit our website to download the Independent Circumstances Allowance application form.

Generally you can only get the Student Allowance for up to:

- 92 weeks for secondary school study
- 200 weeks for tertiary study or
- 120 weeks for tertiary study if you are aged 40 or over.

However, you may be able to get more in some situations - visit our website **studylink.govt.nz** to find out more.

¹ The personal income threshold is reviewed on 1 April each year. You can check the current rates at **studylink.govt.nz**

Before you start - Read this page

Here are some important things you need to know before you complete your application.

Use blue or black ink only

When completing your application you must only use blue or black ink. If your application is completed in any other colour we might get you to complete another one.

Answer all the questions

It's important to answer every question in your application. If a question doesn't apply to you, use 'N/A' or 'nil'. Don't leave the space blank, unless indicated on the form, as this could delay the process and you may not get paid on time.

You may need to provide documents

When you apply for the Student Allowance, you may need to provide certain documents with your application - these are listed on page 31.

All documents sent to StudyLink must be a verified copy. A verified copy is a copy of the original document which has been signed and dated by someone like a Solicitor/Lawyer, Notary Public, Court Registrar, an approved person at an education provider, school principal, StudyLink or Work and Income staff member or Justice of the Peace (listed in the Yellow Pages) who can confirm that the copy is the same as the original. They must print their name and title on each page and write that it is a true copy and sign it.

The best way to send your documents to us is online using connect.co.nz Please remember to include your name and client number with any documents that you send to us. For more information visit connect.co.nz

Information or documents required to complete your application can be sent to us later if you don't have them now. You need to provide any information we need before your study ends or we may not be able to pay you.

In most cases you won't have to provide any document that StudyLink has already seen.

Parents' income evidence

Your parents' income is tested if you're under 24 years old without children.

Where the Income source table on pages 16 and 17 is completed by an accountant or tax agent and they have provided their details and signed the declaration page, evidence is not required.

If parents complete the table themselves we require evidence to support those declarations.

Sign and date the form

Remember to sign and date this application on page 31 - and make sure anyone else who needs to sign it has done so.

How to return this form

The easiest and fastest way to return your completed form to us is online using connect.co.nz Please remember to include your name and client number.

For more ways to contact us, visit our website **studylink.govt.nz**

We're happy to help you complete your application.

Tour Student Allowance is assessed based on the income you declare when you apply. If your income in any week is different to what you declared, you must let us know straight away as it could affect your payments. Your Student Allowance for any week is affected by the income you earn in that week. We may ask for evidence of your income at any time in the future. We may also check your income with Inland Revenue.

If you earn any income you need to let us know by the Friday of the week you earn it - if you don't you could be overpaid and you'll need to pay the money back.

Part 4: Partner's form

This section is to be completed by the partner of the person applying for the Student Allowance.

A partner is someone you are in a recognised relationship with. This could include your spouse, civil union partner, or someone with whom you have a de facto relationship (where you live together as a couple in a relationship in the nature of marriage or civil union). For the Student Allowance, if you or your partner are under 24 years old, and you do not have children in your care, you do not need to complete this form. If you are in a de facto relationship where you or your partner is aged 16 or 17 years old, the parents of the 16 or 17 year old, or a Family Court judge, must give their consent for the defacto relationship to be a recognised relationship for Student Allowance purposes.

Remember to let us know every time your income changes.

Distudent Allowance is assessed based on the income you and the student declared at the time of application. If your income changes at any time, you must let us know straight away as it could affect your and your partner's payments. Student Allowance payments for any week are affected by the income you earn in that week. We may ask for evidence of your income at any time in the future. We may also check your income with Inland Revenue.

Remember to read your obligations, then sign and date your declaration on page 29.
